

TRANSPORTATION COMMITTEE REPORT relative to standardizing and streamlining payment methods at parking meters.

Recommendation for Council action, pursuant to Motion (Rodriguez – Hutt):

INSTRUCT the Los Angeles Department of Transportation to report with an update on the City’s parking meter “pay by app” system, efforts to standardize and streamline payments to reduce complexity for drivers, the status of text-to-pay options, and the progress on installing app payment and tap-to-pay features on all parking meters.

Fiscal Impact Statement: Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

Summary:

On September 10, 2025, your Transportation Committee considered a July 30, 2025 Motion (Rodriguez – Hutt) relative to standardizing and streamlining payment methods at parking meters. According to the Motion, parking payment apps can cause confusion when users encounter multiple apps in different cities, and technical issues and internet connectivity problems can further complicate the process. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the Motion recommendation. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Transportation Committee
