

## MOTION

As federal immigration enforcement activity increases across the country, it is important that the City of Los Angeles takes steps to protect its most vulnerable residents. People experiencing homelessness, especially those who are undocumented or part of mixed-status families, often face increased fear and uncertainty when federal agencies are active in their communities. These individuals may not have access to timely or accurate information about their rights, which puts them at greater risk of harm or displacement.

Street outreach teams and service providers play a critical role in building trust and connecting people to services. Because they are often the first point of contact, they are in a unique position to provide helpful and potentially life-saving information. By equipping outreach workers with "Know Your Rights" materials, we can help ensure that residents understand their legal protections and know where to seek help.

I THEREFORE MOVE that the City Council INSTRUCT the Los Angeles Housing Department, in collaboration with the Community Investment for Families Department, the City Attorney's Office, and the Los Angeles Homeless Services Authority, to facilitate a "Know Your Rights" training amongst all City-funded homelessness outreach engagement, interim housing, or permanent housing service providers.

I FURTHER MOVE that the City Council INSTRUCT the Chief Legislative Analyst, in collaboration with the City Administrative Officer, Los Angeles Housing Department, Community Investment for Families Department, and the Los Angeles Homeless Services Authority to report back on a plan to distribute "Know Your Rights" information as part of their regular outreach to people experiencing homelessness and ensure these materials are accessible in multiple languages.

I FURTHER MOVE that the City Council INSTRUCT the Community Investment for Families Department, in collaboration with the Los Angeles Housing Department, the City Attorney's Office, and legal service providers (i.e. Coalition for Humane Immigrant Rights (CHIRLA) and the Central American Resource Center (CARECEN), etc.) to explore opportunities to connect individuals experiencing homelessness with legal consultation and support services, including but not limited to guidance on immigration status and legal rights.
