Comments for Public Posting: I am shocked and outraged that this trailer and RV park even be Proposed and introduced to our Mission Hills, CA community. I am shocked that governance are willing destroy our Mission Hills community, property values by introducing such a development that would offer crime, filth, low end over population, more vehicles, theft, criminal behavior and fear to all of us in our homes. Additionally, there is a wonderful elementary school with children playing on a daily basis two blocks away from this site. This will put the children at risk. I have spoken with many of the home owners that have lived here for decades and worked hard to own Their homes Who are prudent taxpayers. Who have maintained their homes and have a safe community. This is who you are attacking by offering or even proposing this. why don't you put this next to your home And leave ours alone? I protest completely. And am outraged. Of this proposal.
