Comments for Public Posting: I support Item #4 (Council File 25-0894) to dissolve the Major Transit and Transportation Construction Traffic Management Committee. This committee delays and impedes the construction of much-needed housing in the City at a time when housing is more unaffordable than it has ever been. The Committee has slowed down these critical projects for sometimes over half a year at times at the benefit of only a couple seconds of reduced driver delays. The City should dissolve this committee to cut red tape and, ultimately, make building new housing faster.
