Comments for Public Posting: Hon. Council members, I am concerned about this motion and the unintended consequences that this will have on bicyclists across the City of Los Angeles. A BIKE LANE that is wide enough for cars to go through can put Bicyclists in DANGER! ?? ?? ?? I am a bicyclist who is concerned about safety for pedestrians and cyclists alike, and the plastic bollards are not real protection at all. By widening the bike lanes, this will encourage motorists to drive onto the bike lanes, thus putting bicyclists in danger. Please, vote against this motion! Thank you!
