

Communication from Public

Name: Jennifer Clark

Date Submitted: 09/26/2025 03:24 AM

Council File No: 25-1046

Comments for Public Posting: I understand that Rules, Elections and Intergovernmental Relations Committee waived consideration of this item. However, I believe that was not the best decision. There are several layers of issues related to the EPA's proposed reconsideration of the 2009 endangerment finding and actions based on it. From more recent climate scientific studies in the 15 years since as well as consideration of their legal authority. Given that the written comment period for this rule ended September 22, 2025; I don't believe that the rush to a full City Council vote is necessary and recommend that the Council refer this back to committee. ~ Jennifer Clark, North Hollywood resident in CD2 and for identification purposes, I am the VP of the North Hollywood Northeast Neighborhood Council.
