Comments for Public Posting: The horrible, awful, destructive SB79..! We The People do NOT accept Weiner's SB79 Developer Dictatorship! Weiner, who grew up in a single family home!! In a toney suburb of New Jersey, wants to destroy single family communities here. What hippocracy!! He'd get thrown out of NJ with his developer accommodating bills. That's why he's here! Wake up!!! The STATE approved our Housing Element confirming there's enough space to build without carving into SF, Historic neighborhoods and districts!! What happened to Democracy! People should have a say in what goes up in their neighborhoods, that they invested their lives and money into! This city's 'leaders' should NOT accept SB79! This city should SUE! An 'alternate plan' would be best. If not possible, Option B is the best out of options presented. Save us all and our city from this nightmare bill! Do the right thing!

Comments for Public Posting: I respectfully request your support for the Planning Department's Plan B on CF #25-1083. Although we are disappointed at the lack of local control granted by SB 79 and that our Housing Element is not allowed to be implemented without interference of SB 79, we support Plan B as the most equitable and responsible of options being offered. Thank you
