Comments for Public Posting: I respectfully request your support for the Planning Department's Plan B on CF #25-1083. Although we are disappointed at the lack of local control granted by SB 79 and that our Housing Element is not allowed to be implemented without interference of SB 79, I support Plan B as the most equitable and responsible of options being offered. Thank you, Debbie Bean Shadow Hills, CA 91040

Comments for Public Posting: Council File Number: 25-1083 Comments for Public Posting: I think SB79 is great, is what we need to lower housing cost in LA, but it should be implemented only in "C", "M" and "Multi Family" zone properties, but not in "R1" or more restrictive zones properties. However, problems that "DWP" creates for developers and their staff's lack of responsibly toward the residents of this beautiful City of Los Angeles will not allow the full use of SB79 idea.
