A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: The City of Los Angeles is facing a critical moment in the effort to address homelessness, as multiple streams of federal, state, and local funding are at risk of reduction or expiration. Without a clear understanding of the projected funding landscape and the cost to sustain existing housing and services, the City cannot responsibly plan for the future or protect the progress that has been made. The Eagle Rock Neighborhood Council Housing and Homelessness Committee supports Council File 25-1137, City-Funded Homeless Housing Interventions / Funding Reduction / Fiscal Year 26-2027 (Raman - Yaroslavsky - Jurado), as it reflects responsible governance and a necessary commitment to fiscal transparency and long-term planning. This includes a detailed assessment of anticipated funding reductions for Fiscal Year 2026–2027,

and the possible impacts on housing retention and services provided through HHAP, ESG, CoC, Measure A, and other key funding sources. Understanding the scope of potential funding gaps will allow policymakers, service providers, and communities to advocate effectively, prioritize resources, and minimize disruption for unhoused Angelenos who rely on these life-saving programs. We urge the City to prioritize this analysis and ensure that any resulting decisions center the needs of the most vulnerable, with a focus on continuity of care and housing stability.
