Comments for Public Posting: I'm asking you to vote no on the City Attorney's request for another \$12 million in outside legal contracts, including \$850,000 more to keep fighting the Venice Dell affordable housing project. The City has already poured more than \$600,000 into opposing a development that would create homes our community badly needs. Every court challenge so far has failed, and continuing down this path only wastes public money and puts our Prohousing status at risk. Los Angeles can't afford to spend millions blocking housing when we should be building it. Please choose fiscal responsibility and stand up for the city's commitment to affordability and inclusion. We should be ashamed of ourselves. We have a housing crisis and still lots of people living on the streets. This was approved by city council. The City Attorney ran on "shutting this project down"--shame on her. Thanks for your support!
