Council File No: 25-1259

Comments for Public Posting: My name is Marc Romeo, I work for AIA|LA and I want to voice my support for the Small Lots, Big Impacts initiative. I'm a long term Los Angeles resident, and I've seen housing costs rise out of reach while the quality of life in L.A. suffers. We need more opportunities for attainable homeownership, and we need them now. I ask that you approve this motion.
