

## Communication from Public

**Comments for Public Posting:** I support this motion and oppose the Gondola. I support what the communities of CD1, CD13, and CD14 want and need. We must protect the historic heart of Los Angeles, including Olvera Street, Chinatown, and Solano Canyon, as well as El Pueblo de Los Ángeles Historic Monument, Los Angeles State Historic Park, and Elysian Park. I urge Metro and my council member from CD6 to deny the Gondola.
