Comments for Public Posting: I live on Glencoe behind the AMC, and part of the reason I first bought my condo was because of easy access to the Marina. I would regularly walk or bike to Trader Joe's, REI, Uovo. After they closed the path I find myself going much less frequently. The other options require going up or down Lincoln, which doubles the time it takes, is loud, and is more dangerous.

Comments for Public Posting: This wall is awful. It takes way longer to get to the library and forces us to trespass in a parking lot to get through. Makes me never want to go to the grocery store there and had me on Lincoln walking in circles. Bicyclists are forced to ride on the side walk now running into people. Makes me not want to walk over to the Marina which used to be my favorite walking route. Wall makes life worse for everyone especially anybody trying to walk a dog or work out on the path. Feel bad for the kids in that school that probably no longer can go to the library because it's too far.

Comments for Public Posting: I support this motion to revoke the permit issued to build the concrete wall at 4311 Lincoln Blvd. I have been using this access point to access the local library and restaurants and want access to be restored.
