DISCUSSION

The Los Angeles Police Department (LAPD) was awarded \$384,203 in supplemental funding for the 2025-26 Selective Traffic Enforcement Program (STEP), from the State of California, Office of Traffic Safety (OTS), for the period of October 1, 2025, through September 30, 2026. The Department is seeking approval to accept the additional funding under the revised grant agreement. There are no matching funds required.

The OTS STEP grant program provides funding to law enforcement agencies for various traffic safety initiatives responding to its priority program areas. The LAPD's STEP grant project activities will be managed and coordinated by the Traffic Coordination Division. The OTS has revised the 2025-26 STEP grant agreement amount from \$6,405,000 to \$6,789,203. The supplemental funding is awarded for additional Safer Traffic Stops Training for law enforcement, Safer Traffic Stops public presentations, and for the production and posting of an educational video demonstrating proper interactions by a peace officer and an individual during a traffic stop. The supplemental amount of \$384,203 will be allocated for sworn overtime and related fringe costs (\$364,203), and printing and duplication expenses (\$20,000).

1. PROBLEM STATEMENT

Describe the city, county, or jurisdiction this grant will impact.

The City of Los Angeles (City) has a population of approximately four million community members and covers 472 square miles of land. Within the City, there are approximately 7,500 miles of roadway, 10,750 miles of sidewalks and 40,000 intersections.

Describe the problem(s) to be addressed, supported by current and relevant crash data. (most recent calendar year data/stats).

For the second straight year, the number of community members killed in traffic crashes has surpassed the number of homicides. Last year, there were 307 traffic fatalities in comparison to 268 homicides. In 2023, the number of traffic fatalities was 336 traffic fatalities in comparison to the 327 homicides. Unfortunately, the number of traffic fatalities have increased by 30 deaths or 77% in comparison to homicides. When analyzing traffic crash statistics over the past two years, it was revealed that numerous traffic crash categories have increased. The City experienced increases in the following crash categories and is delineated in Table 1:

- * All fatal and suspected serious injury traffic crashes increased 4.3% (1,829 in 2022 to 1,907 in 2024);
- * All injury traffic crashes increased 4.6% (7,029 in 2022 to 7,353 in 2024);
- * Pedestrian fatal traffic crashes increased 7.5% (159 in 2022 to 171 in 2024);
- * Pedestrian suspected serious injury traffic crashes increased 19.2% (489 in 2022 to 583 in 2024);
- * Pedestrian all injury traffic crashes increased 28.1% (1,339 in 2022 to 1,715 in 2024);
- * Bicyclists fatal traffic crashes increased 5% (20 in 2022 to 21 in 2024);
- * Bicyclists suspected serious injury traffic crashes increased 3.7% (134 in 2022 to 139 in 2024);
- * Bicyclists all injury traffic crashes increased 1.2% (501 in 2022 to 507 in 2024);
- * Speed-related fatal traffic crashes increased 0% (73 in 2022 to 73 in 2024);
- * Speed related traffic crashes increased 11.5% (33,870 in 2022 to 37,768 in 2024)
- * Right of Way fatal traffic crashes increased 25% (32 in 2022 to 40 in 2024)
- * Right of Way suspected serious injury traffic crashes increased 19.1% (267 in 2022 to 318 in 2024);
- * Traffic Signal fatal and suspect serious injury traffic crashes increased 10.4% (163 in 2022 to 180 in 2024);
- * Traffic Signal all injury traffic crashes increased 24.5% (611 in 2022 to 761 in 2024);
- * DUI-Related fatal traffic crashes increased 15.8% (19 in 2022 to 22 in 2024);
- * DUI-Related suspected serious injury traffic crashes increased 0% (67 in 2022 to 67 in 2024);

- * Motorcyclists all injury traffic crashes increased 21% (347 in 2022 to 420 in 2024);
- * Hit and Run fatal traffic crashes increased 15.1% (86 in 2022 to 99 in 2024);
- * Hit and Run suspected serious Injury traffic crashes increased 16.9% (302 in 2022 to 353 in 2024);
- * Hit and Run all injury traffic crashes increased 4.6% (3,317 in 2022 to 3,470 in 2024);
- * Nighttime fatal traffic crashes increased 16.4% (116 in 2022 to 135 in 2024);
- * Nighttime suspected serious injury traffic crashes increased 54% (378 in 2022 to 582 in 2024);
- * Nighttime all injury traffic crashes increased 43.3% (1,750 in 2022 to 2,507 in 2024);

- * Street Racing All Injury Traffic Crashes increased 0% (3 in 2022 to 3 in 2024); and,
- * Street Racing Hit and Run Crashes increased 27.3% (11 in 2022 to 14 in 2024).

Note: "All Injury" is defined as suspected serious injury, suspected minor injury and possible injury traffic crashes captured in Crime Analysis Mapping System.

When analyzing the traffic crash statistics for the past three years (2022, 2023 and 2024), it revealed several significant trends that is endangering the lives of all community members in the City of Los Angeles. As delineated in the Table, the City is experiencing increases in every major crash category. These increases are particularly concerning to public safety and requires strategic strategies to improve the safety of road users is critically vital.

Define the target population the grant intends to serve and how they are affected by the problem(s).
PEDESTRIANS, BICYCLISTS & MOTORCYCLISTS

Strategies must be developed that focuses on the most vulnerable road users (pedestrian, bicyclist, and motorcyclist) who are most at-risk of being of being killed or severely injured when involved in traffic crashes. In 2024, pedestrian and bicyclist involved traffic crashes accounted for 63% of all traffic fatalities and 45% of all suspected serious injuries. While motorcycle crashes accounted for 16% of all suspected serious injury traffic crashes. The statistics indicate a pressing need to enhance pedestrian, bicycle and motorcycle safety measures as well as targeted interventions to protect these vulnerable road users. Developing targeted safety initiatives for these road users that encompasses education and awareness programs, can help reduce the risks associated with these crashes.

SPEED RELATED

Community members who drive over the speed limit exacerbate the dangers to vulnerable road users, especially pedestrians and bicyclists. Speed-related fatal, suspected serious injury, and all injury traffic crashes has been the leading crash factor in the overwhelming majority of crashes. Addressing speed-related issues through enforcement, education and awareness campaigns should be a top priority.

RIGHT OF WAY & TRAFFIC SIGNALS

Traffic crashes related to driver not yielding the right of way and traffic signal violations contribute significantly to fatalities, suspected serious injuries and all crashes. Identifying the patterns, locations and implementing measures to ensure a police presence at these locations to enforce these types of violations can contribute to reducing these incidents.

DUI

Despite numerous efforts to raise awareness and readily available alternatives (rideshare and taxis) to travel on the roadways, community members continue to drive under the influence and become involved in traffic crashes. This irresponsible behavior continues to be a constant occurrence that endangers the lives of all road users. The number of DUI fatalities and suspected serious injury crashes provides insights into the extent of the problem. Implementing strategies that focuses on enforcement and education is desperately needed to deter impaired driving and enhance public safety.

HIT AND RUN

Hit and run traffic crashes continue to occur at an alarming rate and is a troubling trend that plagues all communities throughout the City of Los Angeles. The number of hit and run fatal, suspected serious injury, and all injury traffic crashes have all increased. Analyzing the factors contributing to hit and run incidents and implementing measures to mandate accountability of all drivers will play a crucial role in reducing such occurrences. Various studies and reviews have revealed that suspects are generally unlicensed or driving with a suspended license, under the influence or lack insurance. In 2013, Assembly Bill 60 authorized all community members regardless of immigration status the ability to obtain a license. Despite the efforts by California to ensue all community members have a license, the number of community members driving without a license continues. As a result, increased enforcement is critical.

NIGHTTIME

During hours of darkness, the illumination of the roadways is substantially compromised and results in dangerous conditions particularly for vulnerable road users (bicyclists, pedestrians, and motorcyclists). Furthermore, during hours of darkness the hit and run crashes increases. In the nighttime, the number of vehicles on the roadways is reduced and driver behaviors change significantly. The number of vehicles speeding and violating the vehicle code increases dramatically. Implementing measures through education and enforcement is critical to protecting the community.

ILLEGAL STREET RACING

The City continues to be beset by illegal street racing and sideshow events that attracts numerous spectators. These events cause significant traffic safety issues, especially to those innocent community members who become trapped in these events. During these events, chaos and lawlessness erupts that threatens traffic safety. A factor to stop this activity is increased enforcement and impounds. It is critical that the enforcement continues, or the City will undoubtedly experience further increases in these dangerous activities in the future.

GENERAL ASSURANCES

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA."

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in § 21.23(b) and (c) of [49 CFR part 21](#) will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:
"The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."
3. The Recipient will insert the clauses of appendix A and E of this Assurance (also referred to as DOT order 1050.2A) ¹¹ in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the

form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The State highway safety agency gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Highway Safety Grant Program. This ASSURANCE is binding on the State highway safety agency, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Highway Safety Grant Program. None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION
(applies to subrecipients as well as States)

INSTRUCTIONS FOR PRIMARY TIER PARTICIPANT CERTIFICATION (STATES)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of [2 CFR parts 180 and 1200](#).
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded**, as used in this clause, are defined in [2 CFR parts 180 and 1200](#). You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with [2 CFR parts 180 and 1200](#).
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov/>).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate the transaction for cause or default.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY TIER COVERED TRANSACTIONS

 - c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.
2. Where the prospective primary tier participant is unable to certify to any of the Statements in this certification, such prospective participant shall attach an explanation to this proposal.

INSTRUCTIONS FOR LOWER TIER PARTICIPANT CERTIFICATION

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of [2 CFR parts 180 and 1200](#).
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. 5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with [2 CFR parts 180 and 1200](#).
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov/>).

records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

BUY AMERICA

(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement ([23 U.S.C. 313](#)) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

CERTIFICATION ON CONFLICT OF INTEREST

(applies to subrecipients as well as States)

GENERAL REQUIREMENTS

No employee, officer, or agent of a State or its subrecipient who is authorized in an official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward. Based on this policy:

1. The recipient shall maintain a written code or standards of conduct that provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents.
 - a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential subawardees, including contractors or parties to subcontracts.
 - b. The code or standards shall establish penalties, sanctions, or other disciplinary actions for violations, as permitted by State or local law or regulations.
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

DISCLOSURE REQUIREMENTS

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award. In accordance with [Executive Order 13043](#), Increasing Seat Belt Use in the United States, dated April 16, 1997, the Grantee is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at www.trafficsafety.org. The NHTSA website (www.nhtsa.gov) also provides information on statistics, campaigns, and program evaluations and references.

States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.
