2. Unnumbered file for Tract No. 74309.

DISCUSSION:

The vesting tentative map of Tract No. 74309 was conditionally approved by the Deputy Advisory Agency on March 23, 2018, for 1 master ground lot and 5 airspace lots for a maximum 122 residential apartment units and 9,500 square-feet of commercial space.

The Deputy Advisory Agency certified that Mitigated Negative Declaration ENV-2016-2684-MND reflects the independent judgment of the lead agency, determined that this project would not have a significant effect upon the environment if the identified impacts are mitigated to a less than significant level, and have incorporated said mitigations onto the project's Conditions of Approval.

The conditions of approval for the tract map have been fulfilled including payment of the Recreation

and Parks Fee. Transmitted Subdivision Improvement Agreement and Contract with security documents guarantee construction of the required public improvements.

Pursuant to California Government Code Section 66458, Council shall, at its next regular meeting after it receives the map, approve the map if it conforms to all the conditions of approval of the tentative map. If the map does not conform, Council shall disapprove the map. If Council does not approve or disapprove the map within the prescribed time, or any authorized extension thereof, and the map conforms to all requirements and rulings, it shall be deemed approved, and the clerk of the legislative body shall certify or state its approval thereon. Upon approval by the Council, the final map will be transmitted to the County Engineer for filing with the County Recorder.

The expiration date of the tentative map approval is April 2, 2027.
