Dear Los Angeles City Clerk,

I would greatly appreciate it if you can upload the following message to Council File: No. 25-1466

Dear Council President Marqueece Harris-Dawson,

I strongly urge you to vote NO on any policy that would weaken the Olympic Wage for tourism workers.

On Wednesday, Los Angeles City Council will consider Council President Marqueece Harris-Dawson's motion to delay wages and healthcare for hotel and airport workers and exclude entire groups of workers from the Olympic Wage. This response to a brazen corporate pressure tactic would undo a policy that Angelenos and City Council should rightly be proud of.

We are calling on you to stop this corporate shakedown. These corporations are trying to take money out of workers' pockets and delay their access to family health care only a month before these workers' will welcome visitors from across the world for the World Cup and right before they are scheduled to receive desperately needed wage increases and stronger health benefits in July.

Perhaps more troubling, this motion is a clear capitulation to extortion. The same corporations - Delta, United, and American Hotel & Lodging Association - that spent nearly \$3 million on a failed referendum bid to delay the Olympic Wage are now cynically wielding a business tax repeal measure as leverage to coerce the City to cut the Olympic Wage or else face a decimated budget.

For City leadership to give in to this absurd corporate demand not only hurts tourism workers and their families; it sets a dangerous precedent that undermines the integrity of the legislative process and jeopardizes any future gains for our communities.

Angelenos have and will continue to stand alongside tourism workers. We call on you to stand strong and do the same.

I am urging you to show strength in leadership, preserve the integrity of our legislative process, and vote NO at City Council this Wednesday May 13th.

Sincerely,
Mr. Daniel Reich
