A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Neighborhood Council: Los Feliz

Name: Chase Puskar

Email: chase.puskar@loshelznc.org

The Board approved this CIS by a vote of: Yea(22) Nay(0) Abstain(0) Ineligible(0) Recusal(0)

Date of NC Board Action: 02/17/2026

Type of NC Board Action: For

Impact Information

Date: 02/20/2026

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 25-1499

City Planning Number:

Agenda Date:

Item Number:

Summary: On location filming in LA has dropped a staggering 50% over three years. Outdated, cost-prohibitive, dysfunctional permitting processes have led productions to runaway to other states and countries with functional systems, putting 1000s of jobs and small businesses in LA at risk. Per the LAEDC, for every \$1 spent on film productions in LA, \$24.40 flows back into labor and local businesses. That's a 2440% ROI our workers and local economy can't afford to lose due to outdated and dysfunctional LA film permitting processes. Los Feliz is home to many film and television professionals, independent contractors, and small businesses whose livelihoods depend on fair, predictable production

practices. When fees are duplicative or enforcement is unclear, the impact falls most heavily on local workers and smaller productions that lack the resources to absorb unnecessary costs or delays. Council File #25-1499, one of nine coordinated motions under the City's "Keep Hollywood Home" initiative, addresses these issues by reforming fire and police fee practices and strengthening enforcement clarity. The motion waives redundant fire "spot check" fees when a Fire Safety Officer is already assigned or when no inspection occurs and supports the creation of lower-cost civilian safety roles to maintain safety while reducing expenses. For neighborhoods like Los Feliz, these reforms help keep productions viable, protect workers from arbitrary costs, and allow more resources to remain with local crews, vendors, and small businesses. Supporting this motion is a practical step toward sustaining local employment and strengthening Los Angeles' creative economy. Thank you for your consideration.
