Comments for Public Posting: Please support this council file to help revitalize the film industry which has been long suffering due to high costs, red tape, the pandemic, and entertainment strikes. This CF eliminates outdated, neighborhood-specific filming restrictions and replaces them with one unified, citywide framework. It standardizes notification rules, removes unnecessary signature surveys, limits when police, fire, or monitors can be required, and creates a formal appeals process overseen by Public Works. I appreciate your attention to helping entertainment workers get back to work and helping LA regain it's title of entertainment capital of the world!

Comments for Public Posting: My name is Matt Brodnick and I am a member of labor union IATSE Local 695 in Hollywood. Tens of thousands of middle class film crew workers, office staff, their family members, and the local small businesses they support depend on the City of Los Angeles to pass these motions today. Our livelihoods and the local economies and tax revenue they generate have been in danger of disappearing altogether from the entertainment capital of the world. These motions you pass today will usher the beginning steps to bring more production work back to LA City and the county as a whole. Thank you for your support.

Comments for Public Posting: We need to streamline processes to allow for filming in Los Angeles to maintain our economy and bolster production here in Los Angeles.
