Comments for Public Posting: Dear Councilmember, I am a Downtown Los Angeles resident writing to urge you to oppose certain proposed provisions in of the "Keep Hollywood Home" package; specifically clauses 1.a.i., 1.a.ii., 1.a.iii and Clause 2, which would “exempt” Downtown from residential filming surveys, eliminate signature requirements for base camps, and rescind all existing Neighborhood Special Filming Conditions that provide essential protections to our community. Downtown is home to over 90,000 residents. We live here — in lofts, condos, and apartments — and we deserve the same basic courtesies extended to residents everywhere else in the city: advance notice when a film production is coming to our block, as well as. Residential surveys are not an obstacle to filming. They are a simple, reasonable tool that gives residents a heads-up and a point of contact. Removing them from Downtown doesn't streamline anything. It just leaves us in the dark. Rescinding the Neighborhood Special Filming Conditions leaves us at the mercy of the production companies by removing essential safeguards regarding the placement of generators and restrooms, as well as strict limits on the hours for filming, setup, and teardown activities. Removing these legacy protections would effectively permit 24-hour filming activity in our residential streets, creating an environment of constant disruption that is incompatible with a livable neighborhood. These provisions do not only singularly target and disempower your DTLA constituents, but risk exposing them to potential harm. We strongly support a thriving film industry in Los Angeles. But not at the expense of the welfare of those of us who call Downtown Los Angeles home. Please vote NO on Motion (10) Council File# 25-1509-S1, Clauses 1.a.i., 1.a.ii. , 1.a.iii and Clause 2. Sincerely,

Comments for Public Posting: Dear Councilmember, I am a Downtown Los Angeles homeowner who has lived in the neighborhood for 14 years. I am writing to urge you to oppose certain proposed provisions in of the "Keep Hollywood Home" package; specifically clauses 1.a.i., 1.a.ii., 1.a.iii and Clause 2, which would "exempt" Downtown from residential filming surveys, eliminate signature requirements for base camps, and rescind all existing Neighborhood Special Filming Conditions that provide essential protections to our community. Downtown is home to over 90,000 residents. We live here and we deserve the same basic courtesy extended to residents everywhere else in the city: advance notice when a film production is coming to our block. We love our unique neighborhood - we love seeing it on film, in commercials, and representing our city. Residential surveys are not an obstacle to filming. They are a simple, reasonable tool that gives residents a heads-up and a point of contact. Removing them from Downtown doesn't streamline anything. It just leaves us in the dark. We have had great relationships with many film crews, and communicating with residents has never been considered unnecessary or something that would cause crews not to film here. Rescinding the Neighborhood Special Filming Conditions leaves us at the mercy of the production companies by removing essential safeguards regarding the placement of generators and restrooms, as well as strict limits on the hours for filming, setup, and teardown activities. Removing these legacy protections would effectively permit 24-hour filming activity in our residential streets, creating an environment of constant disruption that is incompatible with a livable neighborhood. Already, we deal with excess noise from concerts in Grand Park (planned without our approval or notice, amplifying noise well past midnight) as well as a lot of tourist traffic and car traffic that comes along with having great architecture and attractions. We love our city and we're willing to accept these challenges - but please afford us this basic protection. These provisions do not only singularly target and disempower your DTLA constituents, but risk exposing them to potential harm. We strongly support a thriving film industry in Los Angeles. But not at the expense of the welfare of those of us who call Downtown Los Angeles home. We often feel neglected by City Council that seems to not always realize there are 90,000

of us here - DTLA is residential. Please vote NO on Motion (10)
Council File# 25-1509-S1, Clauses 1.a.i., 1.a.ii. , 1.a.iii and
Clause 2. Sincerely, Ann Owens 257 S Spring St Los Angeles,

Comments for Public Posting: Subject: Please Protect Downtown Residents — Oppose the Survey Exemption in the "Keep Hollywood Home" Motion Council File Number 25-1509-S1 Dear Councilmember, I am a Downtown Los Angeles resident writing to urge you to oppose certain proposed provisions in of the "Keep Hollywood Home" package; specifically clauses 1.a.i., 1.a.ii., 1.a.iii and Clause 2, which would “exempt” Downtown from residential filming surveys, eliminate signature requirements for base camps, and rescind all existing Neighborhood Special Filming Conditions that provide essential protections to our community. Downtown is home to over 90,000 residents. We live here — in lofts, condos, and apartments — and we deserve the same basic courtesy extended to residents everywhere else in the city: advance notice when a film production is coming to our block. Residential surveys are not an obstacle to filming. They are a simple, reasonable tool that gives residents a heads-up and a point of contact. Removing them from Downtown doesn't streamline anything. It just leaves us in the dark. We welcome filming in our neighborhood. We know we're one of the key locations for filming in Los Angeles. We want to be partners as the film industry is important to those of us who live downtown. Fences make good neighbors. But removing the one way we communicate as neighbors makes it impossible for us to actually be neighbors. Instead of talking to each other, we'll be communicating through city hall. Rescinding the Neighborhood Special Filming Conditions leaves us at the mercy of the production companies by removing essential safeguards regarding the placement of generators and restrooms, as well as strict limits on the hours for filming, setup, and teardown activities. Removing these legacy protections would effectively permit 24-hour filming activity in our residential streets, creating an environment of constant disruption that is incompatible with a livable neighborhood. These provisions do not only singularly target and disempower your DTLA constituents, but risk exposing them to potential harm. We strongly support a thriving film industry in Los Angeles. But not at the expense of the welfare of those of us who call Downtown Los Angeles home. Please vote NO on Motion (10) Council File# 25-1509-S1, Clauses 1.a.i., 1.a.ii. , 1.a.iii and Clause 2.
