Comments for Public Posting: After last Tuesday's shameful vote by council, I am writing yet again to lend my unyielding support in protection of the Barry Building in Brentwood, California (Historic-Cultural Monument #887). The Barry Building is at 11973 San Vicente Boulevard and the project/case numbers CHC-2007-1585-HCM and ENV-2019-6645-EIR. It was commissioned by its owner David Barry and designed by architect Milton Caughey (1911-1958) and completed in 1951. It is one of the few mid-century modern commercial buildings to gain such status. It was identified by the Los Angeles Cultural Heritage Commission as being a well-preserved and notable example of the California-style modern design until the current owner has purposefully done everything in their power to neglect and thus damage this important part of Los Angeles cultural heritage. The Barry Building is a Historic-Cultural Monument (HCM) and it needs to be vehemently protected. You need to protect and support one of the few historical buildings we have on the westside of Los Angeles. The dubious owners have used demolition by neglect ever since evicting the tenants to circumvent historic preservation protections. There are viable preservation alternatives to demolition that must be fully required to not only preserve but now should be sensitively restored to its glory. If demolition is approved, the city will have awarded the owners for their bad behavior and set a precedent for future developers in the city. This kind of business practice is already happening around the city, and it needs to be stopped. You hold the cards here, let's not let ill-intentioned behavior win out. We need to send a message that the history of the city matters and that it is possible to have development and historical buildings at the same time. Saving this building will make Brentwood and other communities with historic buildings more interesting places to live in and visit. We have plenty of brand-new shopping developments, what we need is more education around why these buildings matter and how they will add to a sense of place. Please don't let this building be destroyed! Why do we save the Brady Bunch house which is about pop culture but not the Barry Building which has HCM standing but we don't hold the owner to respect the law? I'm saying this all again because once the building is demolished it will not be there to save, to admire, to enjoy by the community.

There will be an empty lot, an eyesore, a place for homeless encampment, for crime. A restored building would again be the gem it was for the community! Do not allow demolition! Do not set a precedent! Thank you!

Comments for Public Posting: Please consider the preservation of this cool architectural gem. Many people enjoy the site of old and historical buildings. By demolishing these great structures we lose a little bit of the soul of Los Angeles. Thank you.

Comments for Public Posting: In support of the Appeal, Agenda Item 14: he following breakdown provides a direct comparison of the arguments used by Council District 11 regarding the Marilyn Monroe Residence versus other local preservation efforts like the Barry Building, focusing strictly on the scope of support and administrative justifications. The Marilyn Monroe Residence (HCM No. 1306) In the case of the Monroe home, the Council office prioritized global cultural significance over local neighbor concerns. The following points defined that approach: World-Wide Support: Councilmember Park explicitly noted that her office was inundated with thousands of communications from around the globe. She argued that the site's historical value belongs to a "collective unconscious" that transcends the immediate zip code. The "Icon" Priority: The argument was made that even if a building has been altered or is not visible to the passing public, the cultural power of the figure associated with it creates a unique justification for preservation that can override the standard objections of a property owner. Broad Public Interest: By focusing on international fans and preservationists, the office framed the designation as a victory for "history" at large, rather than a localized land-use decision. The Barry Building (HCM No. 887) In contrast, the discourse surrounding the Barry Building often centers on localized technical and financial constraints. This creates a noticeable shift in how "support" is weighed: Localism vs. Globalism: While the Monroe house was saved by citing international importance, the Barry Building's future is often debated through the lens of local applicant hardship and the specific costs of the Soft-Story Retrofit Ordinance. Constituent Opposition: In the Monroe case, the Council office moved forward despite some local neighborhood groups who were concerned about "tourist" disturbances. However, for commercial sites like the Barry Building, the office often weighs the property owner's "hardship" more heavily than the broad preservationist support. Administrative Standards: Critics point out a discrepancy where the city readily embraces "global support" for high-profile celebrity homes but remains more focused on "neighborhood-level" economic arguments when it comes to mid-century commercial architecture. Comparison of Preservation Scopes

Feature	Marilyn Monroe House	Barry Building
Primary		

ArgumentInternational Cultural Icon.Architectural Integrity vs.
Retrofit Costs.Support SourceGlobal Public & Media.Local
Preservationists & Community
Groups.Counter-ArgumentNeighborhood Nuisance.Financial
Hardship & Safety Compliance.Outcome/StatusDesignated (HCM
1306).Threatened / Pending Demolition.Procedural ConflictThe
core tension lies in the application of public sentiment. If
"World-Wide Support" is a valid metric for one HCM nomination,
it raises questions about why similar broad-based support (from
architectural historians and preservation groups) is sometimes
dismissed in favor of "local hardship" for other designated
monuments.Would you like me to look for the specific findings
from the last PLUM meeting to see if they addressed the
"hardship" claims for the Barry Building?

Comments for Public Posting: Please note that this upload and comment was provided prior to the 03-06-2026 LA City Council Meeting and PRIOR to any vote on Item 14 of the continuation agenda. Furthermore, this comment also serves to formally notify the Los Angeles City Council that the "Demand to Cure and Correct Brown Act Violations" regarding the March 4, 2026, meeting (CF 25-1518) was emailed to the Los Angeles City Council on Thursday, March 5, 2026, at 8:59 PM PST. This submission was made prior to the March 6, 2026, City Council meeting and before any vote was taken on Item 14 of the continuation agenda. The demand addresses disparate treatment and procedural violations that occurred during public comment on the Barry Building appeal.

RE: Brown Act Cure and Correct Demand: March 4, 2026 City Council Meeting (CF 25-1518) ... Please see email for details ...

Dear Council President Harris-Dawson,

Please find the attached formal demand to cure and correct violations of the Ralph M. Brown Act and the First Amendment that occurred during the Los Angeles City Council proceedings on March 4, 2026.

This demand is in response to the procedural handling of Agenda Item 8 (the Barry Building appeal) during the "Public Comment on Non-Agenda Items" portion of the meeting. As detailed in the attached letter and supported by the official transcript, the Appellants were subjected to disparate treatment, contradictory procedural instructions, and selective enforcement of rules that were waived for other speakers.

Please acknowledge receipt of this email and the attached letter.
Thank you for your immediate attention to this matter.

Sincerely,
Ziggy Kruse Blue

**Re: DEMAND TO CURE AND CORRECT BROWN ACT VIOLATIONS (Gov.
Code § 54960.1) – March 4, 2026 City Council Meeting,
Agenda Item 8 (CF 25-1518)**

Dear Council President Harris-Dawson, and Members of the Los Angeles City Council:

This letter serves as a formal demand to cure and correct violations of the Ralph M. Brown Act and the First Amendment that occurred during the City Council meeting on Wednesday, March 4, 2026.

1. Disparate Treatment, Bias, and Selective Enforcement during "Public Comment on Non-Agenda Items"

During the section of the meeting designated for "Public Comment on Non-Agenda Items," the presiding Deputy City Attorney (DCA) engaged in clear disparate treatment and selective enforcement of procedural rules that suggests a profound bias in favor of certain speakers over the actual parties of interest.

03-05-2026

Brown Act - Cure and Correct
LA City Council Mtg (3-4-26)

Selective Enforcement:

The DCA permitted Andrew Salimian (LA Conservancy) to provide testimony during this period specifically regarding Item 8 (the Barry Building appeal). Mr. Salimian was allowed to complete his testimony on this subject without any interruption, despite the fact that Item 8 had been voted on as a consent item earlier in the same meeting. By allowing this testimony after the vote, the DCA established that the subject matter of Item 8 was a permissible topic for the "Public Comment on Non-Agenda Items" portion of the meeting.

Bias and Lack of Fairness:

Immediately following this, when the Appellant's spokesperson (Bob Blue) and Ziggy Kruse Blue attempted to address the same topic, the DCA abruptly changed course and silenced them. This disparate treatment, granting grace to a third-party organization while strictly weaponizing a consent vote against the actual Appellants, constitutes a violation of Administrative Fairness. The City cannot pick and choose which members of the public are allowed to bypass procedural hurdles based on their organization or viewpoint.

Under the Brown Act and the First Amendment, the City is required to maintain a level playing field. By selectively enforcing rules to favor one speaker and disadvantage another on the same topic in the same session, the DCA has compromised the impartiality required of the City Attorney's office and violated the Appellants' constitutional right to equal protection.

2. Violation of the Right to Public Criticism (Gov. Code § 54954.3)

As confirmed by the official Speaker Card Report (**Exhibit A**) and the official record of the meeting, the Appellants sought to exercise their right to testify on both Item 8 and Public Comment. The subsequent exchange between the DCA and Bob Blue demonstrates a deliberate attempt to obstruct that testimony:

- **Contradictory Instructions:** When Bob Blue asked for clarification on which item he was speaking on, the DCA stated, *"You have one minute for general public comment, that's it,"* explicitly forbidding him from addressing Item 8 at the start of his time.

- **The Post-Expiration Admission:** Most egregiously, after the timer expired and the DCA interrupted Mr. Blue mid-sentence, the DCA stated: *"Item # 8 is not open for public comment, but you could have spoken to it during General."*

This is a textbook Catch-22. The DCA first told the speaker he *could not* speak on Item 8, and used the end of the minute to tell the speaker he *should have* spoken on Item 8.

This behavior violates Government Code § 54954.3(c), which prohibits any rule or action that limits the public's right to criticize the agency's procedures or policies, even if the item was voted on as a consent item. By using his authority to provide false and contradictory procedural guidance, the DCA effectively ran out the clock on the Appellant, preventing any meaningful criticism of the Council's action on Item 8.

3. Failure to Properly Identify Speakers and Ensure Due Process

The official Speaker Card Report shows that both Bob Blue and Ziggy Kruse Blue provided their full names. Nevertheless, the Council engaged in a pattern of disparate identification:

- **Selective Truncation:** While speakers Andrew Salimian, Melissa Woods, and Seba were called by the full names provided on their cards, the Council truncated Bob Blue to "Bob B" and Ziggy Kruse Blue to "Ziggy K".
- **Lack of Impartiality:** This disparity in professional formality, alongside the fact that many others were called to the podium by their full names as listed on the speaker card report, illustrates a bias directed toward the Appellants and violates principles of administrative fairness and due process.

Evidence of Procedural Violations:

- **Official Speaker Card Report (Exhibit A):** Documentation proving that the Appellants provided their full names and signed up for both Item 8 and Public Comment on Non-Agenda Items.
- **Official Meeting Transcript (Exhibit B):** A certified *partial* transcript of the March 4, 2026, meeting. This transcript documents the verbatim exchanges between the Deputy City Attorney (DCA) and the speakers, illustrating the contradictory instructions and disparate treatment.
- **Continuous Video Record (at 01:02:32):**

03-05-2026

Brown Act - Cure and Correct

LA City Council Mtg (3-4-26)

Demand for Corrective Action:

To cure these violations, the City must void the action taken on Item 8 and re-agendize the matter to allow for equitable public testimony, ensuring that the Appellant is afforded the same opportunity to speak that was granted to others during the March 4 meeting.

Sincerely,

Robert Blue

TRANSCRIPT OF
REGULAR LOS ANGELES CITY COUNCIL MEETING (PARTIAL)
MARCH 4, 2026

[FROM YOUTUBE VIDEO, TIMESTAMPED PORTION ONLY:
<https://www.youtube.com/live/92cUbo1L16E>]

1 [BEGIN AT 01:02:32]

2 CITY ATTORNEY: Next speaker.

3 MR. SALIMIAN: Good morning. Andrew Salimian
4 speaking on Item 8 on behalf of the Los Angeles
5 Conservancy.

6 CITY ATTORNEY: Okay. So you'll have one minute
7 for general public comment. Go ahead.

8 MR. SALIMIAN: Okay. Thank you. We're here in
9 support of the appeal for Angelenos for Historic
10 Preservation, rejecting the EIR that has been approved
11 for the demolition of the Barry Building. The Barry
12 Building is a designated HCM. It's owned by an owner
13 that has sought every remedy to -- to extinguish that
14 HCM through neglect, through intentional demolition,
15 and through gross mismanagement of the property.

16 It's a easy to retrofit building. We want to see
17 it retrofitted. We want to see it brought back to
18 life. And we want housing, mixed use proposed there.
19 What this city is doing is allowing the senseless
20 demolition of an HCM which is a -- a dangerous
21 precedent for an empty lot that will sit vacant due to
22 CEQA.

23 So we're asking you to uphold the appeal. And
24 thank you for hearing our comments.

25 CITY ATTORNEY: Next speaker.

1 CLERK: Before the next speaker begins, I'll be
2 calling the next few speakers. Melissa Woods, Ziggy
3 K., and Ciba [SP].

4 CITY ATTORNEY: Good morning. What would you like
5 to speak to?

6 MR. BLUE: Good morning. I was going to speak on
7 general public comments and also Agenda Item 8.

8 CITY ATTORNEY: Okay. So you'll have one minute.
9 Go ahead.

10 MR. BLUE: One minute for both?

11 CITY ATTORNEY: One minute for general. So Item 8
12 is -- public hearing was already held at committee.

13 MR. BLUE: So what -- okay, which one I'm
14 speaking first?

15 CITY ATTORNEY: So -- so you'll have one minute
16 for general public comment and that's it.

17 MR. BLUE: Okay. So I'm ready. So on general
18 public comment I wanted to bring up the subject of
19 AB52, that's tribal consultation on -- what we've
20 discovered through public records is a failure in our
21 tribal consultation done by Department of City
22 Planning. I hope we take a realistic look at this.

23 There's been a -- a ruling in Koi Nation of
24 Northern California versus the City of Clear Lake. It
25 was ruled last year. And we're in clear violation of

1 that. And I'm sure this is just the tip of the
2 iceberg.

3 So I would suggest an audit of any tribal
4 consultations that were done where they could not
5 reach an agreement. It's very important to -- to
6 investigate that and if possible involve the tribes as
7 well in the audit so it's very transparent.

8 And the second item I wanted to talk about was
9 Agenda Item 8. I wanted to say I strongly support the
10 appeal to save the Barry Building. In 2007 the City
11 Council designated this HCM without owner opposition,
12 creating a legal duty under --

13 CITY ATTORNEY: Speaker, your time has expired.
14 We have to move on to the next speaker. So no, I
15 explained, Item Number 8 is not open for public
16 comment. But you -- you could have spoken to it during
17 general. But we do need to move on to the next speaker
18 because we have to provide everyone with the -- the
19 same amount of time.

20 MR. BLUE: [INAUDIBLE]

21 CITY ATTORNEY: Understood. So it -- for
22 everybody here, if you run out of time to speak or if
23 we run out of time to call your name, you can always
24 provide additional public comment in writing at
25 lacouncilcomment.com. Again that's

1 lacouncilcomment.com.

2 You can find the -- that URL at the top of every
3 council agenda. You can also do a quick Google search
4 and it should be the first thing that comes up. Good
5 morning. What would you like to speak to?

6 MALE: Hello. My name's [INAUDIBLE] all the Film
7 LA amendments.

8 CITY ATTORNEY: Okay. So you have one minute for
9 general public comment. Go ahead.

10 MALE: Hello, greeting, councilmembers. My name's
11 [INAUDIBLE]. I'm a local born and raised -- not LA,
12 but Orange County. But nonetheless in the film
13 industry. I am an engineer, founder, and producer. We
14 need to keep production here for multiple reasons.
15 There -- we are a creative epicenter of the film
16 industry for the last 120 and for the future ongoing
17 hopefully.

18 We have generational talent you're not gonna find
19 in any other city. We have people who are like within
20 the stunts. You have riggers. And they are six
21 generations passing down knowledge. And you're not
22 gonna find that in another place because there's not a
23 core to calling to -- a centralized focus of -- of
24 staffing.

25 It's also a huge benefit to our local civilian

1 population of -- wow I'm screwing up. Blue collar.
2 Blue collar work -- it's -- it's a great industry for
3 people who don't have degrees. Thank you.

4 CITY ATTORNEY: Thank you. Next speaker. Good
5 morning. What would you like to speak to?

6 MS. KRUSE BLUE: Good morning. I would like to
7 speak on Item 8 and general public comment. My name is
8 Ziggy --

9 CITY ATTORNEY: Okay. So we have -- your time
10 hasn't started yet so don't worry. So as we advised
11 the last speaker, so Item 8 is not currently open for
12 public comment as public comment was satisfied at
13 committee. But you will have one minute for general,
14 so you can speak to it there. Go ahead.

15 MS. KRUSE BLUE: Okay. Then I combine all that.
16 Then let's just stay on the historic preservation in
17 general in the City of Los Angeles. If a developer can
18 just pay to play to tell the people tear down what's
19 old, and I build you something new, but I actually
20 have no problem not providing you with a project at
21 this time, there's something wrong with the city to
22 accept it.

23 I see lots of people, well actually three people
24 that were supposed to be paying attention at PLUM. Ms.
25 Raman, Ms. Nazarian, they were present but they were

1 not. Anyway, moving on to the next item.

2 Koi Nation versus the City of Clear Lake, AB52,
3 very familiar. Ms. Raman paid intense -- intense
4 attention to the public speaker at that time by not
5 communicating with them, but instead having a
6 communication with Mr. Blumenfield. So AB52 is a state
7 law that the city ignores by pushing the Indian
8 Nations out of the discussions and just say, out with
9 your ancestry, you just do it what we want to do.

10 I'm paraphrasing because this right now seems
11 pretty much a rubber stamp. Thank you.

RE: In Support of the Appeal of the Barry Building (HCM #887) |
Council File: 25-1518

*Sent prior to the start of the March 6, 2026 City Council
Meeting*

To the Members of the Los Angeles City Council:

The attached photographs of the building located at 11961-11969 San Vicente Blvd provide undeniable evidence that the Barry Building (HCM #887) is a viable, high-quality structure.

Both buildings share an identical pedigree: they were designed by the renowned architect **Milton Caughey** and were **built and owned by Robert S. Barry**. They were conceived as a unified vision for Brentwood. However, their current conditions could not be more different—a result of divergent paths in stewardship.

The Evidence of Maintenance vs. Neglect

As the accompanying photos demonstrate, the property at 11961-11969 San Vicente has been meticulously maintained throughout the years. It has never been allowed to decay, proving that Caughey's designs are durable and aesthetically timeless when properly managed.

The Barry Building didn't have to deteriorate. Under the stewardship of the Barry family, the building was a pristine example of mid-century design. Following the passing of David Barry in 1978 and the subsequent change in ownership to Munger, the building was allowed to enter a period of decline. The success of its neighbor proves that the Barry Building's condition is not a result of architectural failure, but of subsequent neglect.

Honoring a Neighborhood Legacy

The Barry family's contribution to Brentwood is foundational. Beyond these two buildings, David S. Barry, Jr. was instrumental in establishing the **Coral Tree median (HCM #148)**. This family

Council File No. 25-1518
In Support of Appeal

helped define the character of San Vicente Boulevard. Preserving the Barry Building is a necessary act of stewardship to honor the high-quality development that defined this community for decades.

The owners 11973 San Vicente, LLC and 11991 San Vicente, LLC managed by William H Borthwick and Charles T Munger, Jr have destroyed the Character of this area by demolishing the adjacent three single family houses (2 on Saltair Ave and 1 on Saltair Terrace), the Art Gallery Building and Bonner School on San Vicente Blvd.

A Proven Economic Anchor

We urge the Council to recognize that a restored Barry Building is a proven economic engine. Its history demonstrates a unique ability to anchor premium businesses:

- **Artisanal Hospitality:** Exemplified by Caffè Luxxe's use of the iconic courtyard.
- **Sustainable Retail:** Shown by Cisco Home's high-end lifestyle showrooms.
- **Professional Hubs:** Historically serving as a magnet for the architecture and design community. It can adaptively reused for creative office space and other uses.

Uphold the Appeal

The adjacent building at 11961-11969 San Vicente is living proof of what the Barry Building can and should be. We ask the Council to reject the premise that demolition is the only path forward. By supporting this appeal, the City chooses the proven path of restoration and honors the architectural history of Brentwood.

We urge you to Uphold the Appeal and prevent the demolition of the Barry Building.

Thank you,

Bob Blue
