**Comments for Public Posting:** I am writing to comment on the council file 25-4118-S16 regarding the removal of homeless encampments. I support the resolution and urge you all to vote yes. I ask the Council to carefully consider the impacts it has on our surrounding community. We need this matter addressed. Thank you for considering public input on this issue.

**Comments for Public Posting:** I support this motion. I have a day care located very close to one of the locations listed and the individuals living at the encampments have made it very difficult to run my business which benefits many families. The unhoused have stolen items from my property and they snoop around to see what I have in my yard so they can take it. I have lost some families because they do not want to come to the area because they come very early in the morning or in the afternoon when it is already dark and they don't feel safe. The street is dark because the streetlights' wiring got stolen. The people in those encampments make a lot of noise at night when most people are resting. They usually ride their bikes, walk their dogs, have loud music, or just talk very loudly at late hours of the night. The neighborhood dogs bark all night with those noises. It is important the law is enforced. We need our safety back! We need to rest at night so we can work in the day time as most people do. Please vote yes on this motion.
