Council File No: 25-4118-S16

Comments for Public Posting: I urge City Council to vote YES on this resolution! The areas listed are only a few of the areas impacted by homeless and their nuisance as well as their crime. I live near one of the locations and have experienced theft from my vehicle while parked in front of my house. My neighbors can all share one or more of the incidents they have encountered with the unhoused settled in those encampments. We have a day care that has struggled with the illegal activity in those encampments. The individuals have tried to break into the property to take equipment and toys used for the children. The unhoused individuals are constantly going into our yards in their bikes and helping themselves to anything they want. They make a lot of noise at night making impossible to sleep because all the dogs in the neighborhood will not stop barking. They have started fires. There have been shootings. They have started fights. They harass pedestrians, particularly when they do not recognize them as residents of the area and have threatened them. They have stolen the streetlights wiring so the streets are in darkness. They steal from our local businesses in plain view and day time. They have no regard for people's property or well being. **THIS MUST STOP! RESTORE SAFETY IN OUR COMMUNITIES!**
