Summary:

On October 21, 2026, your Committee considered a Resolution (Nazarian - Rodriguez) relative to prohibiting the parking of vehicles that are in excess of 22 feet in length or over 84 inches in height, during the hours of 2:00 am and 6:00 am along certain street segments, as detailed in the Resolution and above in Recommendation No. 1, in CD2 pursuant to LAMC Section 80.69.4. According to the Resolution, overnight presence of oversized vehicles in the East San Fernando Valley presents substantial public safety concerns, including criminal activities and hazardous conditions for local residents. Pursuant to LAMC Section 80.69.4, and California Vehicle Code Section 22507, it is proposed that the parking of vehicles that are in excess of 22 feet in length or over 7 feet in height, during all hours of the day and night, be prohibited along the street segments as detailed in Recommendation No. 1. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the Resolution, as amended. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Transportation Committee
