Council File No: 26-0010-S4

Comments for Public Posting: SUPPORT — Reward for Information Regarding the Death of Eric Washington I am submitting this comment in support of Council File 26-0010-S4 and the proposed \$50,000 reward for information leading to the identification, apprehension and conviction of the person or persons responsible for the death of Eric Washington on July 4, 2026. When a life is taken through violence, the impact reaches far beyond the victim. A family is left seeking answers, while friends, neighbors and an entire community are affected. Rewards can provide an additional incentive for someone with information to come forward. Sometimes one person knows something — something they saw, heard or learned afterward — that can help investigators move a case forward. I appreciate Councilmember Tim McOsker and Councilmember Adrin Nazarian bringing this motion forward and keeping attention focused on finding answers in Eric Washington's death. I respectfully support this motion and hope anyone with information will come forward. Eric Washington's family deserves answers, and our communities deserve to know that victims of violence will not simply be forgotten. David Matthews Harbor Gateway Stakeholder
