

Item 1 AMENDMENT:

Amend the second moving clause to request the City Attorney to include in its subsequent report an assessment of adequate staffing needs to ensure an expedited process of review for judgments that accrue interest, to ensure they are before the Claims Board and then the B&F Committee within 30 days.

Additionally, request that the Chief Legislative Analyst advise on any required changes, including legislative action through the Municipal Code or Administrative Code, or by way of codification in the City's Financial Policies, to ensure the enforcement of the 30-day timeline for judgments that accrue interest.
