

RULES, ELECTIONS AND INTERGOVERNMENTAL RELATIONS COMMITTEE REPORT relative to the proposed alternatives described in the Draft Environmental Impact Report for the Sepulveda Transit Corridor Project.

Recommendation for Council action, pursuant to Resolution (Raman, Nazarian – Rodriguez):

RESOLVE to SUPPORT the selection of ‘Modified Alternative 5’ as the Locally Preferred Alternative by the Metro Board of Directors, including the proposed phasing plan with an Initial Operating Segment from the Metro G Line to the Metro D Line, while reiterating strong support for completing the entire project.

Fiscal Impact Statement: Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: Yes.

For, if Amended: Reseda Neighborhood Council

Summary:

On February 6, 2026, your Rules, Elections and Intergovernmental Committee considered a January 14, 2026 Resolution (Raman, Nazarian – Rodriguez) relative to the proposed alternatives described in the Draft Environmental Impact Report for the Sepulveda Transit Corridor Project. According to the Resolution, due to the Metro Board decision to end the East San Fernando Valley Light Rail Project at the Phase 1 terminus and instead provide the Phase 2 Sylmar connection through a transfer to Metrolink, which adds transfers for riders, the full scoped phase of the Sepulveda Transit Corridor from the Van Nuys Metrolink to the Metro E Line must be delivered in order to provide Northeast Valley residents convenience closer to what was promised in Measure M. After consideration and having provided an opportunity for public comment, the Committee moved to recommend adoption of the Resolution. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Rules, Elections, and Intergovernmental Relations Committee
