ALTERNATIVES CONSIDERED

There are no alternatives being considered.

FINANCIAL INFORMATION

The cost to quitclaim this interest is \$6,420 and is paid for by the requestor to LADWP. As such, there is no cost incurred by LADWP to process the request.

BACKGROUND

On November 10, 2022, the property owner of record, 8333 Airport, L.P., a California limited partnership, requested LADWP to quitclaim a public power facility easement dedicated by Tract Map 11729 recorded in Book 256, Pages 36 and 37 of Maps, in the Office of the County Recorder of Los Angeles County. After reviewing the proposed easement, the Power System deemed that the easement is no longer needed by LADWP. Therefore, it is recommended that the easement be quitclaimed at the established rate of \$6,420. The owner has paid the required \$6,420 to LADWP for this quitclaim request.

In accordance with the Mayor's Executive Directive No. 4, the City Administrative Officer's Report was approved on December 20, 2024.

ENVIRONMENTAL DETERMINATION

Determine item is exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15061(b)(3). General Exemptions apply in situations where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. Therefore, the quitclaim of a LADWP public utility easement is not an action subject to CEQA.

CITY ATTORNEY

The Office of the City Attorney reviewed and approved the Resolution and Quitclaim Deed as to form and legality.
