A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: Dear Chair and Councilmembers, On behalf of the residents and stakeholders of the Harbor City community, we wish to express our support for Council File: 26-0069, a motion relating to short-term targeted assistance for small businesses who have been negatively impacted as a result of immigration and customs enforcement (ICE) actions. Small businesses are essential to the economic stability of Los Angeles neighborhoods. They provide jobs, generate tax revenue, and serve as cultural and social anchors within communities. Throughout 2025, ICE operations have had measurable economic and social effects on small businesses in Los Angeles City and County, especially in immigrant-

heavy neighborhoods and sectors that rely on immigrant workers and customers, like in Harbor City. These impacts are not just financial — they affect community confidence, workforce stability, and the cultural and economic vibrancy of small business districts within Los Angeles. For these reasons, we support Council File 26-0069 to DIRECT the Community Investment for Families Department and the Economic Workforce and Development Department, with the assistance of the Chief Legislative Analyst and the City Administrative Officer, to report back within 30 days on providing short-term targeted assistance, including financial support to small businesses negatively impacted by recent Immigration and Customs Enforcement actions. Respectfully submitted, Harbor City Neighborhood Council

RE: Community Impact Statement - Short Term Targeted Assistance for Small Businesses - CF 26-0069

Dear Chair and Councilmembers,

On behalf of the residents and stakeholders of the Harbor City community, we wish to express our support for Council File: 26-0069, a motion relating to short-term targeted assistance for small businesses who have been negatively impacted as a result of immigration and customs enforcement (ICE) actions.

Small businesses are essential to the economic stability of Los Angeles neighborhoods. They provide jobs, generate tax revenue, and serve as cultural and social anchors within communities. Throughout 2025, ICE operations have had measurable economic and social effects on small businesses in Los Angeles City and County, especially in immigrant-heavy neighborhoods and sectors that rely on immigrant workers and customers, like in Harbor City.

These impacts are not just financial — they affect community confidence, workforce stability, and the cultural and economic vibrancy of small business districts within Los Angeles.

For these reasons, we support Council File 26-0069 to DIRECT the Community Investment for Families Department and the Economic Workforce and Development Department, with the assistance of the Chief Legislative Analyst and the City Administrative Officer, to report back within 30 days on providing short-term targeted assistance, including financial support to small businesses negatively impacted by recent Immigration and Customs Enforcement actions.

Respectfully submitted,

Harbor City Neighborhood Council
