Comments for Public Posting: Infrastructure change needed on Woodman ave between Saticoy and Strathern to much speeding causing accidents and fatalities that can be prevented with active police ticketing, protected bike route lanes needed, visible street signage its a 35 MPH st, trees need to be cut blicking visibility of signs and light, and proper working street lighting. A crosswalk or street light is needed on Stagg St, sidewalks need repair and compliant for ADA there are senior living homes here with a school and change ia needed in the Panorama City community.

**ENHANCE SAFETY ON
WOODMAN AVENUE IN
PANORAMA CITY**
