A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Item Number:

Summary: To hon. Members of Los Angeles City Council and Government Operations Committee RE: COUNCIL FILE 26-0124 Changes to Requirements for Type-10 (Retail) Cannabis License Applications Empowerment Congress Southeast Area Neighborhood Development Council strongly supports the proposed changes to the process by which cannabis businesses are granted a Type 10 retail license in the City of Los Angeles. We support these changes because cannabis business owners who plan to benefit from the community should also be engaged with it, giving residents the opportunity to determine whether a cannabis shop would positively serve their neighborhood. We support requiring cannabis license applicants to obtain letters of support from the corresponding Neighborhood Council, the Council Office where the

business would be located, LAPD, and a community-based organization that serves the area before approval to open and operate is granted. These additional requirements help foster genuine relationships between cannabis operators and the community. While we recognize that public hearings are already part of the process, adding these layers encourages deeper engagement and allows more community members to take part in the decision-making process.
