Dear Council President Harris-Dawson and members of the Rules Committee,

The League of Women Voters of Greater Los Angeles is in strong support of the motion presented by Councilmembers Soto-Martinez and Rodriguez to ensure that advanced planning takes place to integrate City departments' datasets and to anticipate future technical issues. Also, it is not too early to plan for the Complete Count Committee that will address public information and outreach needs leading up to 2030.

An accurate census is the basis for independent redistricting and fair elections. Let us know how we can be helpful in this effort.

Thank you,

*Chris Carson, Chair
Committee on Criminal Justice Reform
