**Comments for Public Posting:** The motion introduced by Councilmember Padilla and recommendations to DCR need include ALL non-retail cannabis activities not just delivery and cultivation i.e., distribution. Distribution is a non-retail cannabis activity freed from social equity exclusivity via the passage of Ordinance 188812 and affected by LAMC 104.08. I urge the committee and city council to expand any direction given to DCR to include all non-retail cannabis activities.
