**Comments for Public Posting:** I am a small landlord, and very upset that city officials want to put the burden of street lighting on landlords. Landlords ALREADY pay for city services in property taxes, which INCREASE every year, but the upkeep the city is not seen. Landlords have huge expenses; mortgages, home insurance, utilities, and repairs to pay. Where do we get the money? You've capped our rents and turned us into welfare providers. Forced us to house people with mental issues; violent, destructive and non paying rent individuals. Enough! Such demands and oppressions make it impossible to survive as a landlord. I will soon be living in the streets with my veteran son and his family.
