Comments for Public Posting: LADOT Traffic Officers were born out of the 1984 Olympics. With the Olympics returning to Los Angeles in 2028, the entire City will shine on a world stage, and for the City of Los Angeles to shine, LADOT Traffic Officers need to shine- to shine, staffing levels must increase to meet the demands of today's day and age. The population has changed. The people have changed. Intersections have become more congested. For the Olympics to be successful, Traffic Officers must have support to be successful, no one performs traffic control better than the uniform and badge wearing white glove ambassadors we know, staffing for Traffic Officers MUST INCREASE. THEY LOVE LOS ANGELES AND WE LOVE THEM. -SEIU Local 721
