

MOTION

In 2028, the City will host the Paralympic Games for the first time in its history. While the City served as host to the Olympic Games in both 1932 and 1984, the Paralympic Games were not held in coordination with the Olympic Games in those years. In fact, the Paralympic Games weren't held until 1960 and weren't organized in conjunction with the Olympic Games until 1988.

The City's inaugural hosting of the Paralympics will coincide with its third hosting of the Olympics, making the 2028 Games a historic event in the athletic history of the City. In addition to hosting the Paralympic Games at venues throughout the City and wider region, the City will also be welcoming athletes, residents, and visitors alike at celebrations of the Paralympic Games throughout the City.

In 1932, when the City hosted its first Olympic Games, the City renamed 10th Street as Olympic Boulevard as part of its celebration of the Games and as a long-lasting memorial of the event. As the City builds on this legacy, now hosting both the Paralympic and Olympic Games in 2028, it is appropriate that the City rename 39th Street, which leads into Exposition Park which will serve as an important venue in the upcoming Games, as "Paralympic Street."

I THEREFORE MOVE that the City Engineer be directed to initiate the process of changing the name of 39th Street from Main Street to Figueroa Street to "Paralympic Street."
