Rules Committee ,

Dear Councilmembers,

It has been four years since the LA Fed Tapes were released and Angelenos saw the corruption and backroom deals of our city government on full display. Four years of constant calls for reforms and resolutions that always seem to be delayed, despite constant public calls for change. Now that the recommendations from the Charter Commission are finally ready to be finalized, city officials are once again trying to delay these desperately needed reforms. I am writing to you as a Los Angeles resident and working class Angeleno to ask that you make sure that these important proposals from the Charter Commission are put on the ballot in November.

CRC 12: City Council expansion
CRC 22: Rank Choice Voting
CRC 23: Allow City Council by Ordinance to lower the voting age to 16 for City and LAUSD Board elections
CRC 35: Replace matching public funds with public campaign financing language
CRC 40: Include Public Banking provisions in charter
CRC 54: Require LAPD to follow City Council ordinances
CRC 58: Allow the Chief of Police to fire officers with a history of harm / Free Speech & Protest Protections
Motion 26-0638: Resident (noncitizen) voting
Motion: Controller Funding - Allocates 0.42% of City General Fund to Controller

It's clear Angelenos want change. Help make our city a better place and give us a chance to vote on these proposals.

Sincerely,

Los Angeles Resident

Rules Committee ,

Dear Councilmembers,

It has been four years since the LA Fed Tapes were released and Angelenos saw the corruption and backroom deals of our city government on full display. Four years of constant calls for reforms and resolutions that always seem to be delayed, despite constant public calls for change. Now that the recommendations from the Charter Commission are finally ready to be finalized, city officials are once again trying to delay these desperately needed reforms. I am writing to you as a Los Angeles resident and working class Angeleno to ask that you make sure that these important proposals from the Charter Commission are put on the ballot in November.

Rules Committee ,

Dear Councilmembers,

It has been four years since the LA Fed Tapes were released and Angelenos saw the corruption and backroom deals of our city government on full display. Four years of constant calls for reforms and resolutions that always seem to be delayed, despite constant public calls for change. Now that the recommendations from the Charter Commission are finally ready to be finalized, city officials are once again trying to delay these desperately needed reforms. I am writing to you as a Los Angeles resident and working class Angeleno to ask that you make sure that these important proposals from the Charter Commission are put on the ballot in November.

CRC 12: City Council expansion
CRC 22: Rank Choice Voting
CRC 23: Allow City Council by Ordinance to lower the voting age to 16 for City and LAUSD Board elections
CRC 35: Replace matching public funds with public campaign financing language
CRC 40: Include Public Banking provisions in charter
CRC 54: Require LAPD to follow City Council ordinances
CRC 58: Allow the Chief of Police to fire officers with a history of harm / Free Speech & Protest Protections

Rules Committee ,

Dear Councilmembers,

It has been four years since the LA Fed Tapes were released and Angelenos saw the corruption and backroom deals of our city government on full display. Four years of constant calls for reforms and resolutions that always seem to be delayed, despite constant public calls for change. Now that the recommendations from the Charter Commission are finally ready to be finalized, city officials are once again trying to delay these desperately needed reforms. I am writing to you as a Los Angeles resident and working class Angeleno to ask that you make sure that these important proposals from the Charter Commission are put on the ballot in November.

CRC 12: City Council expansion
CRC 22: Rank Choice Voting
CRC 23: Allow City Council by Ordinance to lower the voting age to 16 for City and LAUSD Board elections
CRC 35: Replace matching public funds with public campaign financing language
CRC 40: Include Public Banking provisions in charter
CRC 54: Require LAPD to follow City Council ordinances
CRC 58: Allow the Chief of Police to fire officers with a history of harm / Free Speech & Protest Protections
Motion 26-0638: Resident (noncitizen) voting
Motion: Controller Funding - Allocates 0.42% of City General Fund to Controller

It's clear Angelenos want change. Help make our city a better place and give us a chance to vote on these proposals.

Sincerely,

Los Angeles Resident
