Comments for Public Posting: Hello. I am speaking in my personal capacity as a former Animal Care Technician with Los Angeles Animal Services. I appreciate the opportunity to comment on the appointment of the new General Manager. I came across a 2022 partnership that supported canine enrichment and playgroup programs in LA shelters, including work with Dogs Playing for Life and Wallis Annenberg PetSpace. I would like to ask if there are plans to continue or sustain similar efforts, and whether they may be supported through grants or partnerships if not reflected in the proposed budget. From my experience, consistent staffing and resources are important to support both sanitation and enrichment for animals in the shelter environment. Thank you for your time.
