Council File No:	26-0600-S112
Comments for Public Posting:	I strongly support Council File 26-0600-S112 and the continued expansion and funding of the RV to Home Program. In Harbor Gateway and our neighboring communities, I have seen firsthand that addressing RV homelessness requires more than enforcement or simply moving vehicles from one street to another. Successful outcomes require outreach, housing and service connections, vehicle removal, cleanup, and coordination across multiple jurisdictions. Our experience has demonstrated that when resources are brought directly to people living in RVs, individuals will accept assistance and communities can see meaningful, lasting improvements. As the City determines how these funds will be allocated among Council Offices, I respectfully ask that funding decisions consider communities with documented concentrations of RV homelessness and areas such as Harbor Gateway that sit along City, County and other jurisdictional boundaries. Please support the expansion of RV to Home and ensure Council Offices have the resources necessary to move people from vehicles toward appropriate housing while restoring our streets and neighborhoods.
