Comments for Public Posting: I respectfully ask the City to request a fiscal impact statement or financial analysis before approving this ordinance. This item involves comprehensive changes to cannabis fees and fines, but the agenda states "Fiscal Impact Statement: No." Because this item involves fees, fines, actual cost recovery, inspections, enforcement, and possible staffing or workload impacts, the public should be able to understand how the amounts were calculated, how the money will be used, whether the fees are based on actual City costs, and whether there is any impact to the General Fund. Since this item is being considered by multiple committees, including Budget and Finance, I respectfully ask that the financial impact be clearly explained before the ordinance moves forward. Thank you.
