

ADOPTED BUDGET RECOMMENDATION

Instruct the Department of Cannabis Regulation to report to the Government Operations Committee on the Social Equity Program, including the outcomes, types of applicants and businesses that have benefitted (demographics and geographic distribution), and level of support provided to applicants. The report should identify gaps in outreach and delivery, challenges in application and licensing process, and program effectiveness in advancing equitable access to economic opportunities and include what needs can be resolved with cash flow solutions, rather than an infusion of funding and compare the City's program to other local jurisdictions and jurisdictions throughout the state.
