

ADOPTED BUDGET RECOMMENDATION

Instruct the Chief Legislative Analyst, with assistance from the City Administrative Officer, Police Department, and Department of Transportation, to report to the Public Safety Committee on making the towing and impounding of vehicles more cost-effective by transferring oversight to another department or by jointly overseeing with another department, such as the Department of Transportation. This report should include the current City model for towing, storing, dismantling, and recycling vehicles; compare costs to other cities; provide recommendations to improve operational efficiencies; and recommend department accountability measures for the contractors involved.

(Pursuant to Council Action of June 24, 2026; Council file No. 26-0600-S21)
