

ADOPTED BUDGET RECOMMENDATION

Instruct the Department on Disability to report to the Civil Rights, Equity, Immigration, Aging and Disability Committee on creating a centralized special use fund to provide resources to all City departments and coordinate Citywide compliance with the Americans with Disabilities Act Final Rule on web and mobile application accessibility requirements. The report should include a cost analysis of: 1) the Department developing an in-house training, with the support of the Information Technology Agency, and 2) contracting with external vendors for technical assistance and support, to determine the option that is most cost effective.
