Council File No: 26-0600

Comments for Public Posting: I am a concerned citizen and want the City Council to fully restore the \$1.6-million Dogs Playing for Life contract in the 2026-27 budget. The last thing we should be doing is contributing to the pain and suffering of animals by keeping them contained in cages for unlimited periods of time. They need to have a chance to access walks and exercise so that they can be adoptable. Thank you for your consideration, A concerned citizen.
