A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or Resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: Council File: 26-0600 Budget Proposal Fiscal Year 2026-2027: Pacoima • Public Safety and Traffic Calming: o Speeding and Street Racing Interdiction: Funding for physical traffic calming measures—including speed humps, "bulb-outs," and high-visibility crosswalks—particularly along Van Nuys Boulevard, Glenoaks Boulevard, and San Fernando Road. • Housing and Homelessness: o Inside Safe Expansion: Continued and expanded funding for the "Inside Safe"

initiative to move unhoused residents from local encampments into service-enriched housing, with a focus on local placements to maintain community ties. • Infrastructure and Public Works: o Sidewalk Repair and ADA Compliance: Prioritization of sidewalk repairs on routes leading to Pacoima Elementary and Ritchie Valens Park, ensuring safe, accessible pathways for seniors and students. o Illegal Dumping Enforcement: Increased funding for the Bureau of Sanitation's "Clean Stat" teams to provide proactive, weekly removals of bulky items and debris from our alleys and industrial borders. • Youth and Community Resources: o Park Improvements: Dedicated funding for the Department of Recreation and Parks to upgrade lighting and facilities at Park's and to expand after-school and summer youth programming. o Digital Equity: Allocation for public Wi-Fi hotspots in community hubs and funding for digital literacy programs to bridge the "digital divide" affecting our students and elderly residents. • Specific Priority: Restoration and Increase of Neighborhood Council Funding: o Restoration of Annual Operating Budgets: We recommend increasing the annual budget for each Neighborhood Council to at least \$50,000. The current funding levels have not kept pace with the rising costs of outreach, meeting space rentals, and digital infrastructure. Restoring these funds allows the Pacoima Neighborhood Council to effectively reach our 80,000+ stakeholders and fulfill our charter-mandated duties and Inflationary Adjustment for Operational Costs.

Closing:

The Pacoima Neighborhood Council stands ready to work with your office to ensure these allocations are utilized effectively. Our community is a vital part of the San Fernando Valley, and we believe these investments are essential to ensuring that Pacoima remains a safe, healthy, and thriving neighborhood for all stakeholders.

Sincerely,
Mikayeel Khan
