Council File No: 26-0645

Comments for Public Posting: I support the LA City Council File 26-0645, the motion requesting an ordinance that would authorize the 30-day impoundment of vehicles used in the commission or attempted commission of illegal dumping offenses. As a resident living in a city adjoining the City of Los Angeles, the dumping of trash harms community health, is a safety hazard, lowers property values, degrades the environment and costs the city and taxpayers money to clean up. Just as important as this proposal is the consistent and prolonged enforcement of this ordinance. Please pass CF 26-0645.
