

TO CITY CLERK FOR PLACEMENT ON NEXT
REGULAR COUNCIL AGENDA TO BE POSTED

#53

MOTION

The University of Southern California (USC) hosts large events including College Football games, commencements, and various other events (collectively referred to as “Events”) at the Los Angeles Memorial Coliseum and other venues in the City of Los Angeles. To advance safety and support the Events, the City and USC collaborate in planning security, transportation, and crowd management requirements.

The Events are subject to the Special Events Ordinance which requires the recovery of costs for City services from the event sponsor. The Ordinance also provides for the negotiations with major sports or entertainment venues in determining a payment. In support of the long-standing partnership between the City and USC, the organizer desires to provide the City with reimbursement for all necessary supplemental services provided in connection with the Events.

I THEREFORE MOVE that the Council instruct the City Administrative Officer (CAO) and Chief Legislative Analyst to negotiate a contract between the City and the University of Southern California (USC) to provide supplemental City services for the Events in the City of Los Angeles at venues including but not limited to the Los Angeles Memorial Coliseum, with full reimbursement of all provided supplemental City services, and that said contract be for a term of three years with an option to extend for an additional two years (five years total);

I FURTHER MOVE that the Council authorize the use of supplemental Police law enforcement services to support the Events, with full reimbursement of Police law enforcement services, in accordance with California Government Code section 53069.8;

I FURTHER MOVE that Council authorize the CAO to execute and administer the contract between the City and USC, subject to the approval of the City Attorney as to form and legality.
