Re: Los Angeles World Cup Safety and Security Grant Program (LAWCSSGP) Grant Award Application and Acceptance

Dear Honorable Members:

Transmitted herewith, for consideration by the Los Angeles City Council, is a request to accept the Los Angeles World Cup 2026 Safety and Security Grant Program (LAWCSSGP) grant on behalf of the City of Los Angeles ("City") for a total allocation of \$3,370,994.09 to fund Los Angeles Fire Department (LAFD), Police Department (LAPD), Department of Transportation (LADOT), and Emergency Management Department (EMD) projects.

On March 18, 2026, the Federal Emergency Management Agency awarded the Los Angeles World Cup 2026 Host Committee, LLC funds in the amount of \$57,934,146.00 from the FIFA World Cup Grant Program (FWCGP) with a grant performance period from July 4, 2025 to August 31, 2026. Of the total FWCGP award, the Los Angeles World Cup 2026 Host Committee awarded \$3,370,994.09 to the City of Los Angeles under the LAWCSSGP with a subrecipient grant performance period of July 4, 2025 to July 31, 2026 (Attachment 1).

LAWCSSGP provides grant funding for planning, equipment, training, and personnel costs for public safety, security, and emergency management at SoFi Stadium and its immediate surroundings during the 2026 FIFA World Cup games, and activities that build the capabilities of public safety partners and public health personnel in preparation for the World Cup games. This grant is funded by the U.S. Department of Homeland Security and distributed to the World Cup 2026 Host Committees. There is no match requirement associated with this grant.

As the recipient of LAWCSSGP, the Los Angeles World Cup 2026 Host Committee requires an agreement with City of Los Angeles, as a subrecipient for the LAWCSSGP allocation (Attachment 2). The City received LAWCSSGP funding to support LAFD, LAPD, LADOT, and EMD personnel costs (Attachment 3) as follows:

POLICE DEPARTMENT

Fan Festival - \$2,311,237.50

LAPD will provide coordinated civilian and sworn law enforcement support during the FIFA Fan Fest at the Los Angeles Memorial Coliseum from June 11-14, 2026, and FIFA training sites as needed. These operations are designed to ensure safe environments for large public viewing events in partnership with event organizers and regional public safety agencies. Key security activities include maintaining fixed-post security at major intersections, conducting interior venue security, performing hazardous device and materials detection sweeps, deploying Mobile Field Force crowd management teams, utilizing drone-based aerial situational awareness, and providing investigative support. Specialized assets like mounted patrol, bomb detection canine teams, and perimeter response squads will support continuous coverage, traffic control, access management, and coordinated command via a Unified Command Post and a Joint Operations Center.

FIRE DEPARTMENT

Fan Festival & Emergency Operations Center (EOC) - \$749,516.54

LAFD will execute a robust, all-hazard safety plan encompassing fire prevention, suppression, and inspection, including enforcing fire codes and monitoring ignition sources. They will pre-deploy Emergency Medical Services (EMS) resources, such as paramedics, EMTs, ambulances, and fast response vehicles (e.g., UTVs), to respond to injuries and coordinate patient transport to trauma centers. LAFD's operational framework includes operating under an Incident Command System (ICS) to integrate with law enforcement and the City's Emergency Operations Center (EOC), managing crowds, developing and executing evacuation plans, and conducting pre-event training and drills.

DEPARTMENT OF TRANSPORTATION

Fan Festival - \$288,126.24

The Los Angeles Department of Transportation (LADOT) is responsible for all traffic operations, including the planning, coordination, and implementation of traffic control measures, as well as maintaining traffic mitigation throughout the Fan Festival at the Coliseum.

EMERGENCY MANAGEMENT DEPARTMENT

Emergency Operations Center Staffing - \$22,113.81

EMD will focus its efforts on providing necessary overtime for planning, training, activation, and sustained operations at the EOC. EMD's critical role is coordinating multi-agency preparedness and response, ensuring alignment across all public safety departments. EMD activities, which require pre-event coordination and readiness efforts, are essential for ensuring the EOC can maintain continuous situational awareness and respond effectively during the event period.

Re: City of Los Angeles FIFA World Cup Grant
97.160: FIFA World Cup Grant Program
FAIN: EMW-2026-WC-05008

Dear Kathryn Schloessman:

The City of Los Angeles is pleased to accept the subrecipient award for the Los Angeles World Cup 2026 Safety and Security Grant Program (LAWCSSGP). However, the City notes that there are court orders enjoining various FY 25 DHS terms and conditions, their applicability, and their enforcement. In accepting this subaward, the City of Los Angeles expressly does not waive or relinquish any legal rights or defenses available to it in the event of any adverse enforcement action, nor does it waive any rights or defenses concerning the imposition of enjoined, inapplicable, unlawful, or unclear conditions.

The FY 2025 DHS Terms and Conditions purport to impose conditions enjoined as to the City of Los Angeles by *County of Santa Clara v. Noem*, 3:25-cv-8330, (N.D. Cal.). The enjoined provisions remain in the award documents, and the City of Los Angeles is unable to modify the text of the award documents to excise those provisions. Therefore, the City withholds consent and objects to the inclusion of the 2025 DHS Standard Terms and Conditions, Version 3, dated April 18, 2025, in any method of incorporation (including but not limited to the Notice of Award, the Notice of Funding Opportunity, and the grant agreement), all of which are legally unenforceable. Pursuant to the court's order, DHS is enjoined from withholding, freezing, or conditioning the City of Los Angeles' funds based on those terms, and the City's acceptance of these grant funds and any future drawdowns or reimbursement requests in no way reflect acceptance of those enjoined terms.

The City of Los Angeles further objects to, and reserves all rights as to its claims related to, any DEI disclosure requirement and the civil rights conditions, as defined in the complaint in *Santa Clara County et al. v. Noem et al.*, pending further proceedings, including final judgment in the case.

Additionally, specified terms or any materially similar terms are subject to the permanent injunction and vacatur in *Illinois v. FEMA*, 1:25-cv-00206 (D.R.I.) and the preliminary injunction in *San Francisco v. Trump*, 3:25-cv-01350 (N.D. Cal.). To the extent those terms are incorporated in the award, the City of Los Angeles withholds consent to and objects to their

inclusion. These terms are legally unenforceable, and the City of Los Angeles' acceptance of any grant funds and any future drawdowns or reimbursement requests in no way reflect acceptance of those enjoined terms.

Finally, in the event that any of the listed injunctions are lifted or otherwise expire, the enjoined conditions will not be imposed or enforced against the City as to the period that the injunction was in effect. In the event the relevant grant conditions are no longer enjoined, the enjoined terms shall not be applied automatically to the City of Los Angeles and the city reserves the right to revisit its submissions at a later date.

Sincerely,

A handwritten signature in black ink, appearing to read "Sue Stengel", written over the printed name.

Sue Stengel

Interim Deputy Mayor of Public Safety
