Comments for Public Posting: I sincerely request that the Council approve the 14.22 million for the Los Angeles Animal Services.....they do incredibly good work to rescue, rehabilitate, and rehome desperately needy animals....it is surely a sign of an enlightened society that cares for the most helpless among them.... animals are surely helpless without human help, and in this day they are most needy!.....please honor and help this work by providing the necessary funds for the good work to continue!!!.....Sincerely,
Gretchen Charbonneau

Comments for Public Posting: I support the grant for LA animal services. We need to save more animals and stop killing them. We need more Spay And Neuter services. We need more foster care and we need people that truly care about animals working for LA animal services and are there to help the animals and not there just to pick up a paycheck.

Comments for Public Posting: Hello, Please support the proposed \$14.22 million grant for Los Angeles Animal Services. This proposal provides additional resources and support for LA Animal Services. Stronger foster, adoption, and return-to-home programs help save lives. Los Angeles has an opportunity to become a national leader in animal welfare once again. Please do the right thing for the animals. thank you.

Comments for Public Posting: PLEASE PASS THIS!!! Animal welfare and care needs to be provided everywhere. Animals do not have a voice. We NEED to be that voice. Most of these animals do not deserve to be living on the streets. Almost all of them can be evaluated and rehabilitated so they are adoptable. They just need a human that cares. I wouldn't want to live on the streets not knowing when my next meal was, getting sick and even being abused by the cruel, cruel humans this world has recently created. There are many humans that love animals and would do anything for them, including working at the shelters. PLEASE give this bill a chance! Thank you

Comments for Public Posting: I support this funding because it will help provide essential care, shelter, spay/neuter services and adoption opportunities for animals in need. Every animal deserves a chance to be safe, healthy and loved and investing in these programs is a compassionate and responsible way to support both animals and community.

Comments for Public Posting: I urge this committee to support this lifesaving investment into our community's animal welfare. With this historic collaboration between LAAS, the ASPCA, and Best Friends Animal Society, we can save more lives going through our shelter system while also significantly improving this public service to our community. Thank you.

Comments for Public Posting: Hello, my name is Ashley, and I strongly believe that the health and safety of animals should be invested in. I am appalled at the terrible conditions that dogs in LA have been subjected to as they have been severely mistreated by people who have irresponsibly bred them, exposed or injected them with drugs, and failed to provide them with quality care and protection. I believe every animal is deserving of love and protection, and I ask this committee to strive to save the lives of our animals and to seek to better human lives in the process. Truly, stronger foster and adoption programs could help save lives. Thank you.

Comments for Public Posting: My name is Amanda and I live in Harbor City. I urge this committee to support this lifesaving investment into our community's animal welfare. With this historic collaboration between LAAS, the ASPCA, and Best Friends Animal Society, we can save more lives going through our shelter system while also significantly improving this public service to our community. I understand that shelters are significantly overcrowded now, and this could relieve some of the burden from the City, and save so many more animals, who are distressed through no fault of their own. Thank you.

Comments for Public Posting: L an animal services is a much needed resource for the community. Unfortunately, way too many animals are being turned in or abandoned, and left to the shelters to care for.. this will help provide for the animals and hopefully get them to forever homes. I think it would be advisable if there was also a program that could help educate people on what kind of dog or cat would suit their family best and their lifestyle. These funds could assist with that and possibly give people resources to help keep an animal instead of turning in an animal in to the shelters. So many animals are suffering needlessly, and at our hands I we should have strict or breeding rules also. Thank you for reading this and listening.
