A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

July 25, 2026

Motion 2026.07.22.11B: The Board of the **Studio City Neighborhood Council (SCNC)** ***supports Council File 26-0877*** to instruct the City Planning Department (CPD), the Department of Building and Safety (LADBS), and the Bureau of Sanitation (LASAN) to report back on ADU Trash Policies and Procedures with **recommendations to mitigate increased trash needs when additional ADUs are added to existing properties**. Lot intensification has lead to no planned areas for trash receptacles or adjustment to additional service for new units leading to spillover into the public right-of-way. When ADU's are added, additional individual trash bins end up on the same property, leading to an over saturation of individual bins. Lack of space to accommodate these bins on-site leads to them becoming permanent fixtures of the sidewalks, alleys and parkways. Over saturation of individual bins creates significant accessibility barriers, public health concerns, and major quality-of-life issues for a neighborhood. Consequently, there is an urgent need to align the building permit process with sanitation requirements for appropriate trash receptacle type and location to address the overspill of individual bins and proper on-site placement.

Upon receipt of the report back, the SCNC requests holding off agendizing the report back to the designated City Council Committee(s) and the full City Council for votes for at least 4 weeks to allow this NC and other NC's to review and submit comments based on the report back.

This motion is also to be submitted as a **Community Impact Statement (CIS)** to Council File **26-0877**.
