A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Item Number:

Summary: The Bel Air-Beverly Crest Neighborhood Council supports the City Council's amended motion directing the Department of Neighborhood Empowerment, with assistance from the Los Angeles Fire Department, to report with recommendations to increase accessibility to the Community Emergency Response Team (CERT) Program for Neighborhood Council board members. BABANC appreciates the Council's decision to amend the original proposal so that the focus is on expanding access to CERT training rather than requiring Neighborhood Council board members to obtain and maintain CERT certification. Given the substantial time commitment involved in CERT training, BABANC

believes that improving access and encouraging participation is a more appropriate approach than imposing a certification requirement. BABNC further requests that the report address how Neighborhood Council board members who complete CERT training can be connected to their CERT battalion and community emergency response team; whether a registry should be established identifying CERT-certified Neighborhood Council board members and their battalion affiliations; and what role CERT-trained Neighborhood Council board members would play in an activation or mobilization during an actual emergency. BABNC believes that expanded access to CERT training should be accompanied by a clear framework for connecting trained Neighborhood Council members with the City's existing emergency-response structure.
